

SUMMER ASSIGNMENTS FOR STUDENTS ENTERING GRADE 8
FROM PRE-ALGEBRA WITH MRS. CHRISTYSON

SUMMER IXL MATH ASSIGNMENTS

To be completed at the **8th grade level** no later than June 30:

Heading	Skill	Description of Skill
Number theory	A.4	Prime factorization
Number theory	A.5	Greatest common factor
Number theory	A.6	Least common multiple
Operations with Integers	C.3	Add and subtract integers
Operations with Integers	C.7	Multiply and divide integers
Operations with Integers	C.8	Evaluate numerical expressions involving integers
Ratios and Proportions	H.5	Unit Rates
Percents	J.1	Convert between fractions, decimals, and percents

To be completed at the **8th grade level** no later than July 31:

Heading	Skill	Description of Skill
Problem solving	M.1	Multi-step word problems
Expressions and properties	V.13	Write equivalent expressions using properties
One variable equations	W.2	Write an equation from words
One variable equations	W.7	Solve two-step equations
One variable equations	W.9	Solve equations involving like terms
One variable equations	W.10	Solve equations with variables on both sides
One variable inequalities	X.3	Write inequalities from number lines
One variable inequalities	X.6	Solve two-step inequalities

*Please Note: Occasionally IXL adds skills over the summer, which affects the skill numbers. When in doubt, follow the description of the skill, rather than the skill number.

SUMMER READING ASSIGNMENTS

1. Read one fiction book of your choice at or above the Grade 7 reading level.
2. *Me to We* by Craig Kielburger and Marc Kielburger, provided to students by LCA.

SUMMER MATH AND READING ASSIGNMENTS

The following is an overview of your child's required math and reading assignments for the summer months. Please see the assignment sheets for each grade level, posted on our website, for a more detailed summary of summer assignments

SUMMER IXL MATH ASSIGNMENTS

Every child who is entering grades 2 – 8 will be expected to complete a series of IXL math exercises. Please note that, unless otherwise indicated, the exercises are to be completed at the grade level your child is now finishing. Students should work until they have received a Smart Score of 80. As you will notice, some of the skills must be completed by June 30 and the remaining skills by July 31. Your child's current math teacher will be monitoring this site during the summer; however, it is your child's responsibility to complete the assignments. Successful completion of these exercises in grades 5-8 will be counted as a first quarter grade. Progress will be monitored and noted for students in grades 2-4.

SUMMER READING ASSIGNMENTS

Every child entering grades 1 – 8 is expected to complete a summer reading assignment. Upon completion of each book, students in grades 2 – 4 are asked to complete an activity from the Summer Reading Tic-Tac-Toe form, found on our website. Students in grades 5-8 are asked to complete one fiction and one non-fiction book report form, also found on our website. These completed forms **must be submitted by Tuesday, September 3rd**. Please note that separate requirements for students entering grade 1 are found on their assignment sheet.

Book reports will count toward the first quarter reading grade. Students in grades 5-8 will be graded using the rubric found with the summer reading assignments on our website.

We are confident that the summer math and reading assignments will help our students to keep their skills fresh, while also allowing for plenty of time to relax and refresh.

We wish you and your family a wonderful summer!

Brenna Warrell
Principal
